You will get the latest version of the comprehensive course material at the start of the day so that you can keep notes, and a certificate of attendance will be available at the end of the day. If you need to leave early please inform the administrators at the desk.

The Hot Seat requires your participation in front of others, and some doctors can find this intimidating, perhaps because they are at an early stage in their preparation, or because it interferes with their concentration on the day. You may opt out of being in the Hot Seat by telling the administrators. You will still join the groups and be able to listen to all the questions and consultant coaching, ask your own questions so that you do not miss out.

It is not permitted to make audio/video recordings of the course, even for personal use.

This is to protect the confidentiality and privacy rights of the other participants

The copyright of the material is a legally binding protection and it may not be copied or transmitted, recorded or sold without written permission.

Your cooperation and integrity is appreciated.

The day is long and intense. Dress comfortably. Refreshments and lunch are provided.

We reserve the right to amend the programme from the one printed above, and all timings are approximate.
